OBEX Group Pty Ltd is committed to preventing pollution and complying with all relevant environmental legislation, regulations and other environmental requirements.

We will regularly evaluate the environmental impact of our activities, products and services. We shall take action to continually improve our environmental performance.

It is our policy to:

- minimise the use of energy, water and natural resources;
- minimise waste through prevention, re-use, and recycling where possible;
- dispose of waste safely, legally and responsibly;
- avoid using hazardous materials where practical;
- work with environmentally responsible suppliers; and
- prevent environmental damage and minimise nuisance factors such as noise and air pollution

We shall define environmental objectives, targets and improvement actions related to this policy and to our significant environmental aspects. We will regularly evaluate progress.

We are committed to providing relevant environmental training and to promoting environmental awareness and culture to staff, and where appropriate to suppliers, and to communicating our environmental performance to employees and other significant stakeholders.

We shall implement processes to prevent environmental non-conformities and to ensure that we are prepared to deal with potential environmental emergencies.

The Board is fully committed to supporting and implementing this environmental policy.

This policy will be regularly reviewed and updated to take account of organisational priorities and changes, environmental legislation and best practice.
